SCIENCE OF "BATTLESTAR GALACTICA"

Wednesday, February 16, 2011 at
4:00pm

'Imiloa Astronomy Center's
Moanahoku Hall
FREE Talk!

Believe it or not, sometimes there is actually some REAL astronomy interwoven into science fiction TV series. Dr. Kevin Grazier, science advisor on "Battlestar Galactica", and co-author of the recent book "Science of Battlestar Galactica" will discuss the accuracy of the astronomy in the series. FREE event!
