

## StarLab Agreement to Borrow

In exchange for borrowing the StarLab from Gemini Observatory for use with students and community, I, \_\_\_\_\_ of \_\_\_\_\_ agree to keep the mobile planetarium in the condition I have received it (or as close as possible). This requires that while the StarLab is being used it has constant supervision by a responsible adult and that the space the dome is left in unattended, at any time, be secured. I agree to report any concerns regarding the dome's condition on return to Gemini.

**Signed:** \_\_\_\_\_ **Date:** \_\_\_\_\_

Please take care to NOT leave the cylinders in a car for extended time as they are the most heat sensitive items and may warp.

Cylinders included: (please check the ones you have borrowed)

Lewis & Clark

Northern Starfield

Southern Starfield

Polynesian Voyaging Cylinder (North)

Polynesian Voyaging Cylinder (South)

Galaxy & the Solar System
